MAIN INDEX TO VOLUME 46

Abbreviations: E refers to editorials. There is a separate index for abstracts of papers given at the meetings of the British Thoracic Society.

A

Abdomen, upper, surgery of, oropharyngeal flora and chest infection after, **165**
Abscess *See* Lung abscess
N-Acetylcysteine treatment, cysteine and glutathione concentrations in plasma and bronchoalveolar lavage fluid after, **39**
Achilles tendon rupture: an underrated complication of corticosteroid treatment, **853**
Acinus, pulmonary, human, structure of, **117**
Actinomycetes, thermophilic, aerocontamination by, in dairy farms of the Doubs region of France: influence of mode of storage and drying of fodder, **619**
Acupuncture and asthma: a review of controlled trials, **799**
ADAMS L. *See* ROBERTS CM, **643**
Adenitis *See* Mediastinal adenitis
Adenoid cystic carcinoma, pulmonary, peripheral, with substantial submucosal extension to the proximal bronchus, case of, **147**
Adenosine deaminase activity in tuberculous pleural effusions: poor diagnostic value, **96**
Aerosol, pressurised, breath actuated, improvement of drug delivery with, for patients with poor inhaler technique, **712**
Africa, Southern: forced expiratory indices in normal black children aged 6-19 years, **175**, (*Correction*) **452**
Southern *See also* Hut lung
AGGARWAL P, WALI JP: Albendazole in the treatment of pulmonary echinococcosis, **599**
AGNEW JE. *See* LAI CKW, **446**
AIDS: diagnostic value of lung clearance of ^{99m}Tc DTPA compared with other non-invasive investigations in *Pneumocystis carinii* pneumonia, **722**
Airflow limitation, chronic, reducing impairment, disability and handicap, effectiveness of a respiratory health worker, randomised controlled trial, **559**
obstruction, chronic, and hypoxaemia, increased platelet aggregate formation in, **504**
obstruction, chronic, measures of reversibility in response to bronchodilators in: relation to airway calibre, **43**, (*Letter*) **544**
obstruction, nocturnal, histamine, and the autonomic central nervous system in children with allergic asthma, **366**
Airway epithelial function, abnormalities of, and the implications of the discovery of the cystic fibrosis gene, **124**
mucosa of guinea pig, exudation and absorption across, effects of histamine, ethanol, and a detergent, **700**
narrowing, excessive, in response to bronchoconstrictor stimuli in asthma and chronic obstructive lung disease, protective effect of a beta$_2$ agonist against, **9**
responses and leukotriene generation after allergen challenge in asthmatic patients, effect of a 5-lipoxygenase inhibitor on, **184**
responsiveness and citric acid cough threshold in asthmatic patients and smokers with chronic airflow obstruction, **638**
smooth muscle responsiveness to contractile agents, effect of different bronchodilators on, **360**
Airways, human, normal, tracheobronchial clearance in, effect of inhaled 15-(*s*)-hydroxyeicosatetraenoic acid, **446**
Airways disease, chronic obstructive, exacerbation of, oral almitrine in treatment of acute respiratory failure and cor pulmonale, **493**
disease, chronic obstructive, partially reversible, bronchodilator treatment for, **248**
diseases of, quality of life measurement for patients with, **676**
obstruction, reversible, in rural and urban Zimbabwean children, comparison of the prevalence of, **549**
AL-HAJJAJ MS. *See* AL-KISSIMI FA, **861**
AL-KISSIMI FA, AL-MAJED SA, AL-HAJJAJ MS, HAWASS N: Silicosis in a Himalayan village population: role of environmental dust, (*Letter*) **861**
AL-MAJED SA. *See* AL-KISSIMI FA, **861**
ALARCON A. *See* MONTSERRAT JM, **6**
Albendazole in the treatment of pulmonary echinococcosis, **599**
ALI NJ, CAPEWELL S, WARD MJ: Bone turnover during high dose inhaled corticosteroid treatment, **160**
Allergen challenge in asthmatic patients, leukotriene generation and airway responses after, effect of a 5-lipoxygenase inhibitor, **184**
Allergic asthma in children: nocturnal airflow obstruction, histamine, and the autonomic central nervous system, **366**
Allergy and age, effects on responses to salbutamol and ipratropium bromide in moderate asthma and chronic bronchitis, **355**
Almitrine, oral, in acute respiratory failure and cor pulmonale in patients with an exacerbation of chronic obstructive airways disease, **493**
ALTERMATT HJ. *See* TOBLER A, **68**
Alternative and complementary medicine for asthma, (E), **787**
Alveolar macrophages, morphological patterns of nucleoli in, correlation with HLA-DR antigen expression in sarcoidosis, **878**
partial pressures of carbon dioxide and oxygen measured by a helium washout technique (*Letter*), **151**
Alveolitis, cryptogenic fibrosing, accuracy of diagnostic coding of hospital admissions for, **589**
cryptogenic fibrosing, and associated synchronous double primary lung cancers of squamous and neuroendocrine type, **857**
Amiloride, nebulised, pulmonary deposition of, in cystic fibrosis: comparison of two nebulisers, **717**
Amyloidosis, mediastinal, pseudotumoural, calcified, case of, **686**
pulmonary, nodular, occurring in association with pulmonary lymphoma, case of, **217**
Anaesthesia, local, for fibreoptic bronchoscopy, (*Letter*) **467**
ANDERSON G. *See* SMITH AP, **172**
ANDERSON PB. *See* MORCOS SK, **74**
ANDO K. *See* MATSUBA K, **685**
ANDREW SM, BHATTACHARJEE M, KEENAN DJM, REID H: Squamous cell carcinoma occurring in the wall of a chronic aspergilloma, **542**
ANDREWS JM. *See* BALDWIN DR, **658**
ANDREWS MIJ. *See* DAVIES D, **429**
ANGCHUK PT. *See* NORBOO T, **341**
ANGELINI GD, BRYAN AJ: Pericardial effusion after open heart surgery—authors' reply (*Letter*), **149**
Angiomatosis, pulmonary, diffuse, case of, **851**
Anti-basement membrane antibody disease with severe pulmonary haemorrhage and normal renal function, **68**
Antimyeloperoxidase antibodies in the Churg-Strauss syndrome, **70**
Aorta, coarctation of, with dissecting aneurysm and haemopericardium: an account by Joseph Jordan, Manchester, 1830, **268**
Apnoea *See* Sleep apnoea
ARMSTRONG RF. *See* FOGARTY PW, **914**
ARONHEIM M. *See* SIEGAL A, **76**
ARROWSMITH JE, WOODHEAD MA, BEVAN DH, NANSON EM, CUMMIN ARC: Digital gangrene in small cell lung cancer: response to aspirin treatment, **63**
Arteriovenous fistula, intercostal, due to pleural biopsy (*Letters*), **400**, **688**
Asbestos disease of the pleura, the lung, and both, abnormal lung function associated with: a comparative analysis, **33**
induced pericardial effusion and constrictive pericarditis, **429**
ASHWORTH HL, WILSON CG, SIMS EE, WOTTON PK, HARDY JG: Delivery of propellant soluble drug from a metered dose inhlaer, **245**
Asians, immigrant, risk of tuberculosis in: culturally acquired immunodeficiency? **1**, (*Letter*) **544**
Aspergilloma, chronic, squamous cell carcinoma occurring in the wall of, case, **542**
pulmonary, treated with itraconazole, **839**
Aspergillosis, invasive, in patients with lung disease, corticosteroid treatment as a risk factor for, **15**
Aspiration, percutaneous, unintentional, of a pleural hydatid cyst, **859**
Aspirin treatment, response to: digital gangrene in small cell lung cancer, **63**
Asthma, allergic, in children: nocturnal airflow obstruction, histamine, and the autonomic central nervous system, **366**
alternative and complementary medicine for (E) **787**
and acupuncture: a review of controlled trials, **799**
and chronic lung disease in children, exercise but not methacholine differentiates, **488**
and chronic obstructive lung disease: protective effect of a beta$_2$ agonist against excessive airway narrowing in response to bronchoconstrictor stimuli, **9**
brittle, treated with long term subcutaneous terbutaline, creatine kinase activity in, **580**
death from, and prescribed fenoterol in New Zealand, 1981-7: a further case-control study, **105**
education programme, characteristics of attenders and non-attenders, **886**
effect of inhaled budesonide on bronchial reactivity to histamine, exercise, and eucapnic dry air hyperventilation, **811**
effect of inhaled prostaglandin E$_2$ on bronchial reactivity to sodium metabisulphite and methacholine, **633**
exercise induced, effect of cetirizine on, **242**
exercise induced bronchoconstriction in, effect of GR32191, a potent thromboxane receptor antagonist, **190**
exercise response in 404 young men with: no evidence for late asthmatic reaction, **100**

ipecacuanha induced: more lessons (*Letter*), **467**
methotrexate treatment of, *Pneumocystis carinii* pneumonia as a complication, case, **936**
mild, in children, budesonide and terbutaline or terbutaline alone, **499**
moderate, and chronic bronchitis, responses to salbutamol and ipratropium bromide in, effects of allergy and age, **355**
nocturnal, in children, relation between symptoms and changes in lung function on lying down, **193**
nocturnal, morbidity in: sleep quality and daytime cognitive performance, **569**
nocturnal, platelet activation in, **197**
occupational, due to styrene, case of, **396**
prevalence among 12 year old children in New Zealand and South Wales: a comparative study, **405**, (*Correction*) **688**
steroid dependent, and involutional osteoporosis, vertebral fractures in: a controlled study, **803**
symptoms, prevalence of, and hospital admission rates in 20 local authority districts, **574**
treatment of, new opportunities: phosphodiesterase inhibitors, **512**
Asthmatic children, assessment of response to inhaled methacholine in, use of transcutaneous oxygen tension, arterial oxygen saturation, and respiratory resistance, **433**
patients: effect of a 5-lipoxygenase inhibitor on leukotriene generation and airway responses after allergen challenge, **184**
patients and smokers with chronic airflow obstruction, citric acid cough threshold and airway responsiveness in, **638**
subjects, circulating plasma concentrations of atrial natriuretic peptide and catecholamines in response to maximal exercise, **824**
subjects, effect of terbutaline on mucociliary clearance after inhalation from a pressurised inhaler and a dry powder inhaler, **817**
subjects, respiratory resistance in, effects of hypercapnia and hypocapnia, **28**
Atrial natriuretic peptide and catecholamines, circulating plasma concentrations of, in response to maximal exercise in normal and asthmatic subjects, **824**
natriuretic peptide concentrations during intravenous saline infusion in hypoxic cor pulmonale, **829**
resection, partial, in advanced lung carcinoma with and without cardiopulmonary bypass, **484**
Atrium, left, myxoma of, pulmonary haemosiderosis associated with, case, **539**
AU J, CUSACK SP, WALKER WS: Successful pulmonary resection after spontaneous haemopneumothorax in the Eisenmenger syndrome, **540**
AUFFARTH B, DE MONCHY JGR, VAN DER MARK ThW, POSTMA DS, KOETER GH: Citric acid cough threshold and airway responsiveness in asthmatic patients and smokers with chronic airflow obstruction, **638**
AUFFARTH B, POSTMA DS, DE MONCHY JGR, VAN DER MARK ThW, BOORSMA M, KOETER GH: Effects of inhaled budesonide on spirometric values, reversibility, airway responsiveness, and cough threshold in smokers with chronic obstructive lung disease, **372**
Autonomic central nervous system, histamine, and nocturnal airflow obstruction in children with allergic asthma, **366**
AVITAL A. *See* GODFREY S, **488**
AYERZA MA. *See* GUTIERREZ-RAVE VM, **219**
AYRES JG. *See* BOLDY DAR, 871; SYKES AP, **580**

B

Bacillus cereus infection, successful treatment with ciprofloxacin, case of, **220**
Bacterial colonisation of humidifier attachments on oxygen concentrators prescribed for long term oxygen therapy:a district review, **257**
flora, oropharyngeal, and chest infection after upper abdominal surgery, **165**
BAKE B. *See* PEHRSSON K, **474**
BAKKE PS, BASTE V, HANOA R, GULSVIK A: Prevalence of obstructive lung disease in a general population: relation to occupational title and exposure to some airborne agents, **863**
BALDWIN DR, WISE R, ANDREWS JM, HONEYBOURNE D: Microlavage: a technique for determining the volume of epithelial lining fluid, **658**
BALL JB, DELANEY JC, EVANS CC, DONNELLY RJ, HIND CRK: Endoscopic bougie and balloon dilatation of multiple bronchial stenoses: 10 year follow up, **933**
BALL KP. *See* NORBOO T, **341**, **862**
BAMBERY P, KAUR U, BHUSNURMATH SR, DILAWARI JB: Familial idiopathic granulomatosis: sarcoidosis and Crohn's disease in two Indian families, **919**
BANHAM SW. *See* CAMBELL JH, **839**
BARALE T. *See* DALPHIN JC, **619**
BARDIN PG. *See* MOOLMAN JA, **592**
BARDSLEY PA, TWENEY J, MORGAN N, HOWARD P: Oral almitrine in treatment of acute respiratory failure and cor pulmonale in patients with an exacerbation of chronic obstructive airways disease, **493**
BARDSLEY PA. *See also* STEWART AG, **829**
BARIS YI. *See* EMRI S, **145**
BARNES NC. *See* HUI KP, **184**; SHELDON CD, **75**
BARNES PC. *See* MAKKER HK, **609**
BARNES PJ. *See* HUI KP, **184**
BARROS JL. *See* RABANO A, **270**
BARRY DMJ, BURR ML, LIMB ES: Prevalence of asthma among 12 year old children in New Zealand and South Wales: a comparative survey, **405**, (*Correction*) **688**
BARTH J, KREIPE H, RADZUN HJ, HEIDORN K, PETERMANN W, BEWIG B, PARWARESCH MR: Increased expression of growth factor genes for macrophages and fibroblasts in bronchoalveolar lavage cells of a patient with pulmonary histiocytosis X, **835**
BASTE V. *See* BAKKE PS, **863**
BATEMAN ED. *See* GROBBELAAR JP, **334**; MAARTENS G, **96**
BAUDOUIN SV. *See* BOTT J, **457**; STEWART AG, **829**
BAUMAN A. *See* YOON R, **886**
BAVEYSTOCK CM. *See* LITTLEJOHNS P, **559**
BEASLEY R. *See* GRAINGER J, **105**
BECHINI J. *See* DOMINGO C, **663**
BECKLAKE MR. *See* JAAKKOLA MS, **907**
BEECHING NJ. *See* PARRY CM, **150**
BEEKHUIS H. *See* VAN DER SCHANS CP, **252**
BEHERA D, DASH S, YADAV SP: Carboxyhaemoglobin in women exposed to different cooking fuels, **344**, (*Correction*) **688**
BEL EH, ZWINDERMAN AH, TIMMERS MC, DIJKMAN JH, STERK PJ: The protective effect of a beta$_2$ agonist against excessive airway narrowing in response to bronchoconstrictor stimuli in asthma and chronic obstructive lung disease, **9**
BELLOMO R, FINLAY M, MCLAUGHLIN P, TAI E: Clinical spectrum of cryptogenic organising pneumonitis, **554**
BENSON MK. *See* EFTHIMIOU J, **351**
BEREND N, RYNELL AC, WARD HE: Structure of a human pulmonary acinus, **117**
BERTHON-JONES M. *See* GOLDMAN JM, **25**
Beta$_2$ agonist, protective effect of, against excessive airway narrowing in response to bronchoconstrictor stimuli in asthma and chronic obstructive lung disease, **9**
BEVAN DH. *See* ARROWSMITH JE, **63**
BEWIG B. *See* BARTH J, **835**
BHATTACHARJEE M. *See* ANDREW SM, **542**
BHUSNURMATH SR. *See* BAMBERY P, **919**
BICKFORD-SMITH PJ. *See* MOZELL EJ, **21**
BIGGS JC. *See* GOLDMAN JM, **25**
BILTON D. *See* WEBB AK, **274**
Biopsy, percutaneous, of mediastinal tumours, under sonographic guidance (E), **157**, (*Letter*) **740**
pleural, intercostal arteriovenous fistula due to (*Letter*), **400**
transbronchial, pneumomediastinum after, case, **606**
BLANQUER J, BLANQUER R, BORRAS R, NAUFFAL D, MORALES P, MENENDEZ R, SUBIAS I, HERRERO L, REDON J, PASCUAL J: Aetiology of community acquired pneumonia in Valencia, Spain: a multicentre prospective study, **508**
BLANQUER R. *See* BLANQUER J, **508**
BLEASDALE C. *See* JOHNSTON IDA, **589**
Blood gas pressures, arterial, and inspiratory muscle strength, effect of negative pressure ventilation on, during an exacerbation of chronic obstructive lung disease, **6**
BLOWER P. *See* THOMAS SHL, **717**

INDEX TO SUMMARIES OF THE PROCEEDINGS OF THE BRITISH THORACIC SOCIETY

Only the first author is indexed.

A

Acarosan and DER pl concentrations after six months, **749**
Acetylcholine sweat test: assessment of autonomic nerve function in chronic obstructive airways disease, **287**
Adrenaline, nebulised, for recurrent wheeze in infants less than 18 months old, **315**
Aerosol deposition during mechanical ventilation, **285**
Air pollution episode, peak flow assessment during, **314**
Airflow obstruction, chronic: are steroid tablets taken? **745**
obstruction, chronic: beclomethasone and prednisolone, **768**
obstruction, chronic, death certification accuracy, **322**
obstruction, chronic: difference in practice between respiratory and general physicians, **764**
obstruction, respiratory: relation with ventilatory requirements, **766**
quality of life in, **288**
Airway and nasal obstruction, perception of, **277**
epithelial cells, effect of eosinophils, **281**
epithelium: regulation of sodium transport, **751**
ion transport: effect of carbonic anhydrase inhibition, **751**
responsiveness: methacholine and bradykinin in, **748**
responsiveness: relations with respiratory function and family history in infants, **749**
Airways: buspirone anxiolysis effect on breathing, **744**
chloride channel, calcium dependent, ATP effects, **307**
disease, chronic obstructive, autonomic nerve function in, acetylcholine sweat test, **287**
disease, chronic obstructive, hypoxic, early, in the community, outcome of, **287**
disease, chronic obstructive, mutations in α_1 antitrypsin gene, **300**
disease, chronic obstructive, peak flow measurements in general practice, **286**
disease, chronic obstructive, reversibility tests and home nebulisers, **287**
epithelia, pseudomonal rhamnolipids effect on ion transport, **307**
epithelia, sodium absorbing, basal chloride current and, **307**
laser Doppler blood flow measurements in, **296**
obstruction, detection in the pharmacy, **286**
overnight calibre variation, **768**
ALEXANDER AG, *et al*: Cyclosporin in chronic severe steroid dependent asthma, **745**
ALI NJ, *et al*: Effects of oxygen and CPAP on systemic blood pressure during obstructive sleep apnoea, **321**
ALI NJ, *et al*: Prevalence of sleep disordered breathing in 4-5 year old children and its relation to daytime symptoms, **744**
AL JARAD N, *et al*: Computerised lung sound analysis in early detection of crackles in asbestos workers: comparison with high resolution computed tomography, **304**
AL JARAD N, *et al*: Assessment of lung crackles by computerised lung sound analysis: a comparison with auscultation, **774**
AL JARAD N, *et al*: High resolution computed tomographic assessment of asbestosis and cryptogenic fibrosing alveolitis: comparative study, **774**
ALLEN MB, *et al*: Sleep related desaturation during infective exacerbations of cystic fibrosis, **744**
Allergic rhinitis: lymphocyte infiltration in nasal mucus membrane, **781**
rhinitis, seasonal: cutaneous late phase reaction and serum IgE, **750**
rhinitis, seasonal: immunotherapy is highly effective, **319**
Allergy, comparison of skin prick tests, **762**
Almitrine bismesylate. *See also* Servier (S9581)
endothelial control of rat pulmonary vessels, **285**
ALTON EMFW, *et al*: Effects of ATP but not A kinase on the calcium dependent airway chloride channel, **307**
Alveolar macrophages, bone marrow transplantation effect on respiratory burst, **299**
macrophages, cytomegalovirus effect on phenotypic markers, **303**
macrophages, PDE inhibitors effect on superoxide generation, **300**
macrophages: release of antimicrobials from, **783**
Alveolitis, cryptogenic fibrosing: ct assessment, **774**
extrinsic allergic, without identified causative antigen, **313**
Amiloride, nebulised, in cystic fibrosis, pulmonary deposition of, **302**
reduces cough induced by low (Cl) solution, **280**
Aminophylline effect on neutrophil proteolysis and superoxide generation, **783**
Anaesthetised subjects, endobronchial pH measurements in, **751**
ANDERSON K, *et al*: Respiratory protection in a non-industrial population: the practice of pigeon breeders, **304**
ANDERSON K, *et al*: Effect of intermittent pamidronate infusions on bone metabolism in corticosteroid dependent asthma, **769**
ANDERSON K, *et al*: Symptoms and low airborne endotoxin in pigeon lofts, **773**
ANGUS RM, *et al*: Chronic airflow obstruction: differences in practice between respiratory and general physicians, **764**
Apoptosis (programmed cell death), eosinophils undergo, **282**
AQUILINA R, *et al*: Magnetic stimulation as a simple and reliable method for stimulating phrenic nerves in the neck, **754**
Asbestos, related diffuse pleural thickening, **313**
workers, computerised lung sound analysis in early detection, **304**
Asbestosis, computed tomographic assessment, **774**
Asian ethnic patients, increased asthma admission rates in: Blackburn 1987, **278**
Aspergillosis, allergic bronchopulmonary, period prevalence, **278**
Aspergillus fumigatus, germination in presence of mast cells, **299**
Asthma: admission rates in Asian ethnic patients, increased: Blackburn 1987, **278**
AMP induced bronchospasm in, **292**
beclomethasone dipropionate treatment on inflammatory mucosal cells, **315**
breathlessness during exercise, **277**
bronchial biopsy specimens after endobronchial allergen challenge, **781**
bronchoconstriction caused by humidified oxygen, **318**
chamber device and mask in young children with, **290**
chest wall restriction effect on bronchial responsiveness, **755**
clinic, nurse run, in general practice, **319**
death and inhaled fenoterol in New Zealand, **319**
death certification accuracy, **322**
deaths from, in Norwich, confidential inquiry into, **741**
dyspnoea, magnitude estimates during cycle exercise, **277**
education by hospital based nurse, **758**
effect of 443c81, **770**
GR32191 effect on airway responsiveness, **291**
histamine reactivity and skin weal diameter, **761**
in general practice, perception of, **760**
inhaled opioid peptide effect on airway responses, **294**
Interleukin-5 mRNA in bronchial biopsy specimens, **315**
leucocyte sodium transport mechanisms, **750**
local endobronchial challenge and patient tolerability, **324**
management audit in outpatient clinics, **776, 777**
management reaudit, **777**
morbidity, adult, and social class, **322**
morbidity in general practice, **318**
mortality by geographical and social class effects, **758**
mortality in Scotland, factors affecting, **278**
near fatal: audit of long term outcome, **776**
nedocromil sodium and inhaled steroids, **768**
nedocromil sodium and symptoms & quality of life, **759**
patient self treatment, **759**
perceived impact of chest disease on daily life, **277**
perception and effects of age, **760**
personality, psychological morbidity, disease severity, and self rated quality of life, **277**
plasma and urinary histamine concentration after allergen inhalation, **761**
prostaglandin D_2 and leukotriene D_4 challenges, **761**
prostaglandin E_2 effect on bronchial reactivity, **748**
psychological morbidity and anxiety, **758**
role of adhesion receptors, **753**
salmeterol effectiveness against exercise bronchoconstriction, **280**
school policy in Avon, **759**
self recorded peak flow accuracy, **758**
sputum and pulmonary function in, **279**
terbutaline effect on mast cell and neurally mediated bronchoconstriction, **745**
tryptase activity in BAL fluid, **783**
Asthma, acute: audit in London, **317**
acute: management audit, **777**
acute: steroid treatment in childhood, **745**
acute severe: holidaymakers admitted to hospital, **759**
acute severe: plasma catecholamine responses in, **279**
acute severe: length of inpatient stay, **278**
acute severe: pulse oximetry in the assessment of, **285**
adult: 1990 management guidelines in general practice, **741**
atopic: airway inflammatory effects, **314**
atopic: cytokine messenger RNA in BAL, **753**
atopic: inhibitory effects of salmeterol and salbutamol, **293**
atopic: T cell phenotype and activation state in BAL, **756**

brittle: terbutaline and low dose inhaled β_2 agonist, **319**
bronchial: alveolar macrophage driven mixed lymphocyte cultures, **281**
bronchial: glucocorticoid receptor characteristics and corticosteroid resistance, **282**
bronchial: mucosal inflammatory cells, **314**
bronchial: hyperactivity and perception of, **760**
childhood: in Bristol, weather patterns and seasonal variation in, **279**
childhood: prick skin responses in adults with previous, **279**
childhood: sodium cromoglycate effect via nebuliser, **769**
chronic severe: steroid dependent, cyclosporin in, **745**
exercise induced: indomethacin and sodium cromoglycate, **748**
exercise induced: indomethacin effect on inhaled frusemide, **294**
exercise induced: local hyperthermia protects against, **293**
intrinsic: immunohistology of bronchial mucosa, **781**
mild: budesonide Turbohaler once daily, **769**
mild: endobronchial allergen challenge of airways, **748**
mild: frusemide effect on cough response, **752**
mild: RG 12525 effect on leukotriene D4, **762**
moderately severe: cetirizine effect on bronchomotor tone, **770**
occupational: incidence by industry in W. Midlands, **772**
occupational: pocket computer for recording peak flow data, **290**
severe: adverse life events precipitating, **759**
severe, inpatient care: audit in Norwich, **316**
severe chronic steroid dependent: methotrexate in, **745**
Asthmatic patients taking high dose inhaled steroids, bone density in, **319**
subjects, effect of inhaled atrial natriuretic factor on bronchomotor tone in, **293**
ATKINS M, *et al*: Nasal resistance, sleep apnoea and snoring, **766**
Atrial natriuretic factor, inhaled, effect on bronchomotor tone in asthmatic subjects, **293**
natriuretic peptide, actions on hypoxia and PGF_2 induced pulmonary vasoconstriction, **284**
natriuretic peptide, chronic hypoxia augments vasodilation in the rat, **283**
natriuretic peptide, effect of pulmonary artery pressure on, **283**
natriuretic peptide, effect on hypoxic pulmonary vasoconstriction, **767**
Audit: acute asthma in London, **317**
acute asthma management, **777**
asthma, inpatient management, **317**
asthma, deaths in younger adults, **776**
asthma, near fatal, long term outcome, **776**
asthma management in outpatient clinics, **776, 777**
asthma management reaudit, **777**
bronchoscopies in Shropshire, **317**
erythromycin use in lower respiratory infections, **771**
long term oxygen therapy, **317**
long term oxygen therapy prescriptions in Liverpool, **777**
lung cancer, small cell, treatment in NW Thames, **777**
pleural infusion in teaching hospital group, **316**
pneumonia, community acquired, assessment protocol, **776**
